PROFESSIONAL EXPERIENCE

Edgile, Inc.   **Chicago, IL**
Technology Consultant   July 2021 – Current
- Work closely with product owners and clients to create a functional identity and access management security system
- Build REST APIs to mimic a ticket creation software, allowing a "mock" site to exist on the client's servers, thus reducing lag time and circumventing site freezes
- Implement IAM protocols for a large healthcare client with a reach of 450,000 employees
- Utilize Sailpoint IIQ to automate provisioning tasks and reduce security risk
- Led on campus recruiting at Texas A&M, bringing in 29% of all new college hires firmwide

J.P. Morgan Chase & Co.   **Plano, TX**
Software Engineering Intern   July 2020 – August 2020
- Analyzed data and assisted full time employees in developing a machine learning algorithm to better track consumer spending habits
- Developed a web application by utilizing Flask and React to digitally engage Perot Museum guests
- Served as Scrum Master on an Agile based 6-person intern team

EDUCATION

Texas A&M University   **College Station, Texas**
